ALL-COUNTY LETTER NO. 84-55

TO: ALL COUNTY WELFARE DIRECTORS

SUBJECT: FOOD STAMP DISQUALIFICATION REPORTING

REFERENCE: ALL COUNTY LETTERS 84-36, 84-37
ORD #783-47

The purpose of this letter is to provide counties with the instructions for implementing a Food Stamp Disqualification Reporting System in accordance with the requirements specified in the Department's new food stamp regulations on fraud disqualification which became effective April 1, 1984 (see Division 20, Section 20-300).

I. Regulation Changes

The significant change to Division 20 involved adopting an entirely new chapter (20-300) dealing with Intentional Program Violations (fraud) in the Food Stamp Program. This chapter replaces the former food stamp fraud disqualification regulations appearing in Section 63-805.

The new regulations define the term "Intentional Program Violation" (IPV), outline the new IPV disqualification periods, and inform counties of the IPV penalty notification requirements. In addition, Section 20-300.5 outlines the specific reporting requirements concerning information on individuals who have been disqualified for one or more Intentional Program Violations.

II. Reporting System Overview

A. Nationwide Network

The Food Stamp Disqualification Reporting System which will be centralized at the federal level--Department of Agriculture, Food and

Nutrition Service(FNS)--is designed to receive food stamp disqualification data from individual project areas, use this information to create a nationwide disqualification master file, and disseminate the entire updated file back to the states on a quarterly basis. This information will then be forwarded to the counties by this Department and shall be used for the following purposes:

1. To determine eligibility of individual Food Stamp Program applicants prior to food stamp certification in cases where a welfare agency has reason to believe a household member is subject to disqualification in another jurisdiction.
 2. To ascertain the appropriate penalty to impose, based on past disqualification, in a case under consideration.
- B. Form FNS-524 "Disqualified Recipient Report"

In California, the required disqualification reporting will be accomplished via the federal form FNS-524 "Disqualified Recipient Report" (attached). This is a two-part carbonless form which contains all the required information pertaining to the disqualified individual. Although the instructions for completion are on the reverse side of the FNS-524, we are providing the following information to assist counties in the completion of this form:

- o Section 1, box 1 (Regional Office) should always be coded with "7," which designates the western region.
- o Section 2 (Location), boxes 2-3 should be coded, "06" for California.
- o Section 2 (Location), boxes 4-6 should be coded with the appropriate "FIPS" code, a federal designation of state/county. A copy of the "FIPS" table is attached showing individual county "FIPS" codes. This table should also be referenced when reviewing disqualification file data to determine in which jurisdiction the most recent disqualification was reported.

1. Ongoing Disqualification Data

Effective April 1, 1984, counties are required to complete form FNS-524 on every individual who is disqualified for IPV, and transmit this form to FNS (see Part 3 below) within 30 days of the date the disqualification took effect, or would have taken effect for a currently ineligible individual whose disqualification is pending future eligibility (see SDSS Regulation Sections 20-300.36, 20-300.51).

2. Previous Disqualification Data

In order to ensure correct disqualification penalties for subsequent offenders, all prior disqualifications must be brought on line as soon as possible. To accomplish this, counties must complete the FNS-524 on every individual who had been previously

disqualified under the former food stamp fraud disqualification regulations (Section 63-805) back to March 1, 1979. The deadline for submittal of this prior disqualification data is June 1, 1984. (See SDSS Regulation Section 63-040.4)

3. Data Submittal

The original copy of form FNS-524 (whether on a current or prior disqualification) shall be sent by the counties on a flow basis directly to the FNS Regional Office at the following address:

United States Department of Agriculture
Food and Nutrition Service (FNS)
Western Region
550 Kearny Street
San Francisco, CA 94108

The duplicate copy of this form should be retained in the case file as record of the disqualification action.

4. Deletions/Changes

Counties are required to submit revisions to the original disqualification report by submitting a revised FNS-524 in the following situations:

- (a) In those cases where the disqualification was "pending" future eligibility, and the individual once again became eligible and the penalty is imposed.
- (b) In cases where the disqualification is reversed by a court of appropriate jurisdiction.
- (c) In cases where the county made an error in the disqualification information previously submitted on a FNS-524 form.

5. Existing Food Stamp Fraud Alert System

Those counties currently submitting food stamp disqualification data via the Department's "Fraud Prevention Alert" system should no longer do so. The new reporting system, utilizing the FNS-524 will eliminate the need to send fraud alerts on disqualifications.

6. Forms Ordering

Counties can obtain a supply of the FNS-524 forms from the State Department of Social Services' Warehouse, through the normal forms ordering process.

C. Receiving Disqualification (Master File) Data Back From FNS

When counties forward the disqualification data to FNS on the FNS-524 form, the information will be used to update the nationwide master file of disqualified individuals.

Every quarter, each state agency will receive back from FNS an updated copy of the entire Disqualification Master File. Upon receipt of this information, the Department's Fraud Program Management Bureau will forward a copy of this file to the counties in one of two formats--a magnetic tape or a computer printout (one copy).

Those counties electing to receive this data on magnetic tape should refer to Attachment "A" for tape specifications and the record format.

Those counties opting to receive a computer printout of this information should refer to Attachment "B" for an example of how the file will be displayed.

Counties should receive the first master file data by mid July, 1984. Whichever format is selected, counties can expect to receive this data in social security number sequence.

Counties must notify this Department of the data format option selected as well as the name of the county person(s) or unit responsible for the disqualification reporting system, by June 1, 1984. This can be accomplished by letter or telephone call to:

State Department of Social Services
Fraud Program Management Bureau
744 P Street, M.S. 19-26
Sacramento, CA 95814
(916) 924-2836

If counties have any questions regarding the operation of this reporting system, please contact either Karen Hall or Gary Scriven at (916) 924-2836.

INSTRUCTIONS

Be sure to complete all items on the form.

ITEM

1. Regional Office - Enter the appropriate Regional Office code where the disqualified person was certified:

Code

1 = CT, ME, MA, NH, NY, RI, and VT.
2 = DE, DC, MD, NJ, PA, VA, WV, and VI.
3 = AL, FL, GA, KY, MS, NC, SC, and TN.
4 = IL, IN, MI, MN, OH, and WI.
5 = AR, LA, NM, OK, and TX.
6 = CO, IA, KA, MI, MT, NB, ND, SD, UT, and WY.
7 = AK, AC, CA, GU, HI, ID, NV, OR, and WA.

2. Location - Enter the FIPS code for the State and county, or political subdivision, where the disqualified individual was certified (where the case record can be found).

3. Activity Code - Enter the appropriate code for the function being performed by the report:

Code

A = Establish - Use this code to add a new disqualified individual not previously listed in the national computerized disqualification reporting network.

C = Change - Use this code to change an item on an existing report for a disqualified individual; for example, when an individual reenters the program, you can change a pending code in item 8 to the date the disqualification period started.

Whenever a report is already on file, you may change one or more of the following items: 1, 2, 4a through 4c, 6, 8, or 9. If the social security number (item 5) or disqualification number (item 7) was wrong on the original report, you can correct it by deleting the first report and establishing a new report.

D = Delete - Use this code to delete an existing report on a disqualified individual; for example, when a court has reversed the decision on the case.

4. Name - For items 4a through 4c, insert ONLY letters and numbers - NO periods, commas, dashes, etc. Leave one space between last name and title (such as Jr.).

5. Social Security Number - Enter the disqualified individual's social security number.

6. Date of Birth - Enter the year, month, and day when the disqualified individual was born. For example, August 5, 1951, should be written as "510805."

7. Disqualification Number - Enter the appropriate code:

Code

0 = Prior offense (a disqualification which occurred prior to implementation of the nationwide, computerized reporting system).

1 = First offense

2 = Second offense

3 = Third offense

8. Effective Date of Disqualification - Enter the date the disqualification period started.

If pending enter code "999999."

If this is a prior offense and the disqualification has already been served, enter zeroes. If this is a prior offense and the disqualification is still in effect, enter the date that the disqualification period started.

9. Length of Disqualification - Enter the number of months. Must be stated as two digits; for example, if six months, enter "06."

If permanent, enter code "99."

If this is a prior offense and the disqualification has already been served, enter "00." If this is a prior offense and the disqualification is still in effect, enter the number of months which constitutes the length of the disqualification period.

Sign and date the report and enter the title of the person submitting the report.

				The official political units of Alaska are called boroughs. There are 10 organized boroughs and an unorganized borough. Unfortunately, for statistical purposes, the organized boroughs cover only a very small percentage of the land area of the State and have the further disadvantage of excluding military and Indian reservations which lie within their boundaries. Consequently, the unorganized borough is too large to provide a basis for suitable statistical analysis. For these reasons the boroughs are not usable for most statistical purposes.
				The Bureau of the Census, in conjunction with the State of Alaska, has established Census Divisions for Alaska which provide a more effective basis for statistical purposes. The Census Divisions are stable geographic statistical areas with defined boundaries that encompass the entire state and generally comprise the election districts. The State of Alaska has requested that these Census Divisions be utilized for statistical purposes.
				Two sets of codes are therefore provided for the geopolitical subdivisions of Alaska; namely, the Census Divisions and the Boroughs. The Census Division codes all have a zero in the low order (last) position. Also listed next are codes for the boroughs. These can be used in those applications having definite requirements to identify these political units. It should be noted that the low order position of these codes are other than
